PRESENTATION MADE TO THE TAYLOR FAMILY

A large gathering of friends from the congregation of the United Church and its societies assembled in Wesley Hall on Wednesday evening of last week to pay tribute to Mr. and Mrs. J. T. Taylor and their two daughters, Kathleen and Winifred, who have recently moved to Victoria, where they will reside. Alex. McDonald acted as chairman and gave an address to Mr. and Mrs. Taylor, who have lived in Sidney for the last 10 years where they have been very popular and active in church and social life. Mr. Taylor had been superintendent of the United Sunday School for about 10 years, while Mrs. Taylor took a very active part in the Ladies' Aid, of which she has been secretary for the past year and a half.

Kathleen and Winifred were also active members of the Young People's Society, "We Try Class," and Canadian Girls in Training, and will be greatly missed by their fellow members; Kathleen was also on the Sunday School teaching staff.

Mr. and Mrs. Taylor were also members of the tennis and badminton clubs and their leaving this district will be regretted extremely in every circle. Miss Florence Hambley then presented Mrs. Taylor with a beautiful bouquet.

The following presidents of the various branches were called upon, who voiced their expressions of regret of Mr. and Mrs. Taylor and family leaving, were Mrs. J. F. Simister, president of the Ladies' Aid; Mr. Lowe, choirmaster; N. Fralick and Mr. Hall, of the Sunday School. Rev. Mr. Lees, after an impressive address, presented, on behalf of the congregation and its associations, an armchair to Mr. Taylor, and a silver cake stand suitably engraved to Mrs. Taylor, to which they feelingly responded. Mr. Owens, president of the Young People's Society, presented Kathleen Taylor with an ivory clock, and Winifred Thornley of the "We Try Class," made a presentation to Winifred Taylor. Mr. Hall, of the teaching staff, then presented Kathleen with a diary.

Those contributing to the musical part of the program were: Mrs. T. Anderson, Kathleen Lowe and Rev. Lees, who rendered solos, while Mr. Fralick gave two very amusing recitations. Miss Florence Hambley ably accompanied at the piano.

Refreshments were then served by members of the Ladies' Aid, and the pleasant evening was brought to a close with the singing of "For They Are Jolly Good Fellows."

ANOTHER OLD- TIMER PASSES

On Sunday, April 21st, death called another old-timer in the person of Thomas Wright, aged 75, a former resident of this district.

Mr. Wright was born in London, England, and at the age of 18 joined the army, serving in the Lancashire and Guards, later entering business as a manufacturing jeweler in Wilmington Square, London. He was attached to the 21st Middlesex Territorials for 21 years and served two and a half years in the South African War, coming to Winnipeg, Manitoba, in the year 1906 he followed his trade and came to Vancouver in 1909 and Sidney in 1910, where he resided until the outbreak of the war in 1914 when at the age of 62 he volunteered his services and went overseas with the 88th Battalion. He was invalided home from France to Victoria in the fall of 1917 and came out to Sidney in 1918 where he resided until 1924, moving to Victoria for three years where the death of his wife took place in January of 1927, then going to Long Beach, California, in February to reside with his two daughters, Mrs. A. Johns and Miss Violet Wright, at the home of Mr. and Mrs. A. Johns, where he passed away on Sunday morning last, April 21, 1928.

The late Mr. Wright was well known by many residents of Sidney and district and his death is learned with regret.

The body is leaving Long Beach today for Victoria accompanied by Miss Wright. The funeral will leave the B.C. Funeral Parlors at 2 p.m. Monday, service at 2.15 p.m. at Christ

BRENNAN HOME IS DESTROYED IN FIERCE BLAZE

For the third time in a comparatively short space of time fire has ravaged the Sidney district. First the big blaze that destroyed the Berquist Block, next Alex. McDonald's home and lastly the Brennan home on Amelia Avenue.

Fire of an unknown origin broke out shortly after 3 a.m. Thursday and completely destroyed the dwelling and practically all the clothing and household and personal property of the occupants, the loss being in the neighborhood of \$6,000.

Mr. Brennan was asleep when a sound of crackling timbers awakened him. He went towards the doorway which led into the hall to investigate this sound and on opening the door flames sent him staggering back.

Mr. Brennan's first thought was for the children, Philip and Mary, 13 and 10 years old, respectively. He called to Philip who slept a little down the hall, and rushed to where his daughter lay in bed. All were clad in night attire. He hurried her from the house, Mrs. Brennan following them, all of them half-choked with the smoke, flames darting out at intervals and scorching them in their flight.

They gained the open air safely and Mr. Brennan looked about for his son Philip, who was nowhere to be seen.

All unaware of the tragedy which threatened and the near and steady approach of the flames to the door of his room, the boy slept peacefully on. His mother, distracted, called to him from outside the house. The father leaped through the hallway and up the stairs, which were by this time in the grip of the flames. He raced along the corridor, calling his boy's name. Philip awakened and rubbed his eyes. In a few seconds he and his father were crawling on hands and knees down the stairway again. Only slightly burned, they finally gained safety and the open air.

The local Telephone staff roused many citizens from their slumbers and they hurried to the scene, but as no fire hydrant existed in the immediate vicinity the volunteer fire-fighters were able to do little except saturate nearby buildings with two garden hose and a bucket brigade and save them from destruction.

The house and contents were partially covered by insurance. With nothing but their night attire and what few garments they had saved, the Brennan family was taken to the home of Mr. and Mrs. Homewood, nearby neighbors, for the remainder of the night.

Fire Chief W. Cowell directed protective operations which were carried out by the volunteer firemen. Provincial Police Constable William Hadley gave valuable assistance.

Mr. J. H. Brennan is an employee of the Sidney Mills.

Church Cathedral, and thence to the Royal Oak Burial Park where the remains will be interred alongside the grave of the late Mrs. Wright. Rev. Dean Quinlan officiating.

He leaves to mourn his loss one brother Fred, in England, two sons, Thomas William of Vancouver, B.C., and Frederick Norman of Sidney, and five daughters, Mrs. T. Dill and Mrs. J. Dill of Victoria, Mrs. R. Dill of Bellingham and Mrs. A. Johns and Miss Violet Wright of Long Beach.

BEAUTY PARLOR WITH EXQUISITE FEMINITY OPENS

Sidney now has a beauty parlor that would do credit to any city. Miss Doris, our local beauty specialist, is to be congratulated on the way she has laid out and furnished her new beauty parlor in the new Halseth Block on the corner of Beacon Ave. and Fourth Street.

A plate glass display window first catches the eye owing to the artistic layout showing the very latest in "bobs," "shingles," curls, and such like that the eternal feminine is more than casually interested in.

Miss Doris has her parlor laid out into three daintily-curtained booths and waiting room, the floors have been stained and varnished and the walls being finished in white give a bright appearance to the place.

Up-to-date equipment has been installed for marcelling, shampooing, paper-curling, facials, manicuring, etc. Complete plumbing fixtures include one of the latest fixtures for shampooing. The telephone has been installed and the fair damsels of Sidney and district may now make their appointments by phoning 114.

Miss Doris extends you a cordial invitation to call and inspect her new premises.

N.S.S.C. DANCE DREW MANY OUTSIDERS

The North Saanich Social Club Hall was the scene of a very successful and jolly dance on Tuesday night when the club held its annual St. George's Day dance.

The hall had been beautifully decorated in the club colors of blue and gold while the dais and dogwood were also much in evidence. Prof. Archibald Heaton and his merry-makers gave the dancers the very best of music, included in which were many of the old-time favorites, while the floor, of which the club has right to be very proud, has never been in better shape—dancing was no effort, one simply could not keep still.

The club members were very glad to welcome so many guests from South Saanich and Victoria, who one and all declared they had never spent a happier evening, the only trouble being that the time passed too quickly. The dance committee on being asked to hold another dance in the near future promised that one should be held during the strawberry season when strawberries and cream will be the main items on the supper menu.

MISS LEE MET DEATH IN CITY OF SASKATOON

By Review Representative

FULFORD HARBOUR, April 26. —The relations of Miss Helen Lee, who was very well known to the residents of Fulford, received the very sad news of her tragic death which took place early Thursday morning, April 19th, in Saskatoon, Saskatchewan. When stepping from a street car directly in front of the Employment Office, where she was director of the women's department of the Government Labor Bureau, Miss Lee was struck by a passing motor car (the driver said to be on the wrong side of the road) and was dragged from 10 to 12 feet before stopping. She was seriously injured and died before reaching the hospital. Miss Lee was born in Owen Sound, Ontario, and was 44 years of age. She is survived by two sisters, Mrs. D. C. Day, Montana, and Mrs. Fred Robertson, of Galt, Ontario, also three brothers, Ted of Toronto, Bob of Oshawa and Hudson of Owen Sound.

Miss Lee was actively interested in lodge and church work, being a member of the Daughters of the Empire, the Women's Liberal Club, and also a member of the United Church where she was a Sunday School teacher for a number of years.

OFFERS MADE FOR B.C. ELEC.

Announcement is made that Nesbitt, Thomson & Company, Limited, Canadian Investment Bankers, in conjunction with Power Corporation of Canada, Limited, have made an offer for the purchase of the stock of the British Columbia Electric Railway Company. It is stated that \$1,275 per share has been offered for the preferred ordinary stock and \$1,575 per share for the deferred ordinary stock and the offer is contingent on 75 percent of the outstanding stock being deposited on or before May 11th.

Competing offers have been received from Lord Rothermere and Associates and from Holt-Gundy interests, but the board of directors of the B.C. Electric have recommended stockholders to accept the Nesbitt-Thomson offer and announce that they have turned in their stock, in accordance with the terms of the offer.

The situation is one of great interest to Canadians, more especially in view of the fact that if the Nesbitt-Thomson Power Corporation offer is accepted, control of this great public utility will be owned and retained in Canada and investors in British Columbia will be given opportunities to participate in the future development of the company.

BARY BENEFIT CONCERT WAS BIG SUCCESS

The Bary benefit concert under the auspices of the Sidney Board of Trade held Tuesday night in the Auditorium was one of the best in the district for some time, and the enthusiastic audience answered for the excellence of the performers, the hall being filled to capacity for the occasion.

Solos were rendered by Miss Gwendoline Townsend, gold medalist contralto at the recent Musical Festival. She sang such favorites as "Dumpty Boy" and "The Icicle." Miss Evelyn Valiant, junior gold medalist, displayed her very sweet soprano voice in "Over the Mountains" and "The Parlor." Mrs. Anderson of the Metropolitan Choir, Victoria, and a resident here, as usual charmed the people of Sidney with her excellent rendering of "My Love is a Fisherman." Miss Townsend and Mrs. Anderson in their duet "Smile Through" was also a great favorite. Mr. Fred Wright, bass gold medalist at the recent festival, was present, much to the delight of the audience, and received much well deserved applause for rendering such songs as "Shipmate O' Mine," "Capt. Mac," and the (Continued on Page Four)

"CHEATING CHEATERS" AT THE AUD.

One of the most beautiful and impressive homes in Southern California provides the background for most of the exterior scenes in "Cheating Cheaters," the Universal-Jewel that will be shown at the Auditorium Theatre, Sidney, tonight and Friday night.

The story is set in New York's underworld and the fashionable suburbs of the great metropolis of the east. The home used was that of W. R. Jewett, noted automobile manufacturer, who owns one of the wonder spots in Pasadena. The beautiful mansion with its colorful and picturesque surroundings is quite typical of that section of the state. The home was rented for the filming of this picture, the money received being donated to charity organizations by the Jewetts.

"Cheating Cheaters" has besides its gorgeous settings, a capable all-star cast, including Betty Compson, playing the leading feminine role, Kenneth Harlan taking the male lead, Sylvia Ashton, Maude Turner Gordon, E. J. Ratcliffe, Erwin Connelly, Eddie Gribbon, Lucien Littlefield and Cesare Gravina.

The story, adapted from the famous stage play by the same name, was written by Max Marcin. Edward Laemmle takes credit for directing this comedy-crook production.

PENDER BOY WEDS VAN. GIRL

By Review Representative

PENDER ISLAND, April 26. —Many Island friends of the groom will be interested to learn of the marriage which took place on Wednesday evening of last week in Chown United Church, Vancouver. At 6.30 p.m., amid a wealth of spring blooms, Rev. O. M. Sanford united in marriage Dorothy Isabelle, youngest daughter of Mr. and Mrs. R. T. Pollock, of 4782 Inverness St., and Mr. James Torrance Hamilton, only son of Mr. and Mrs. Alex. Hamilton, of Pender Island.

The bride, who was escorted by her father, made a charming picture in her imported gown of rosewood flat crepe and ecru lace, with which she wore a poke bonnet of the same shade. She was attended by Miss Evelyn Turcott as bridesmaid, while Mr. J. J. Johnston supported the groom. During the signing of the register Mrs. G. E. Norris of Victoria, sister of the groom, sang very sweetly "Beloved Is My Home."

Following the ceremony a reception was held at the home of the bride's parents, the happy couple receiving the guests and their good wishes under an arch of cherry blossoms. A beautiful four-tier wedding cake, a gift of the groom's mother, centred the bride's table, the color scheme being carried out in pink and white. Mr. and Mrs. Hamilton left later on a motor trip south of the border and on their return will reside at Ryan Court, Vancouver. Mr. Hamilton has been a popular employee of the C.I.B. for a number of years, at present being a member of the officer's crew of the S.S. Chamer.

SEVENTH-DAY ADVENTISTS TO RAISE BIG SUM

Seventh-day Adventists all over Canada and the United States are conducting an aggressive campaign next week in the interest of their missions extension program, having as their goal the raising of \$154,000 for the purpose of benefiting their medical, educational and publishing work in other parts of the world.

Since the yearly event was inaugurated eight years ago, a total of \$1,149,865 has been raised through the sale of denominational literature, according to Elder R. S. Greaves, leader of the local church, which benefited 116 different projects throughout the world. "The fund has built whole publishing plants in foreign fields, together with complete equipment. Such plants will be found in India, Argentina, Egypt, Japan, Italy, Roumania, and Fiji; while in many countries depositors were erected. During the four years the extension plan has provided assistance for our struggling mission schools, great progress has been seen. Small outposts have been erected, cottages for teachers built, industrial machinery installed, barns, kitchens, and fences erected, wells and cisterns dug, and equipment of all kinds furnished. In some countries whole buildings have been completed, and in still other instances the extension plan beginning with nothing has built a whole school plant from the ground up."

"With the \$154,000 we expect to raise this year, 52 separate projects in about 31 countries will be helped. Special help will be rendered a number of young doctor-missionaries who have been out in recent years. Not only will they build mission hospitals and dispensaries, but even modest homes will be built for doctors who are working in uncivilized sections. One dispensary will be erected for the 'Davis Indians' on the far western border of British Guiana; another in Belgian Congo; others in the Philippines, Japan, Guatemala, Brazil, India, and Peru. This fund will also assist 15 school projects in various ways — buildings, teachers' homes, schoolroom equipment, and industrial facilities. But by far the most far-reaching work, and the one which in the end aids greatly in reaching many more heathens with the gospel, is the establishment of small mission printing presses. It is their avowed purpose to build a plant in every language area, and they are making great progress."

"This fund will also assist 18 medical projects in foreign lands. "Seventh-day Adventists are publishing Christian literature in more languages than any other denomination. The missions extension fund will build a new plant in Suva, Fiji; an addition for their prosperous Shanghai house to cost \$5,000.00; alterations on the house in Poona, India; new presses to their houses in Bucharest, Roumania, and Bengal, India; small printing house in Nigeria, besides paying off operating deficits in some instances and supplying working capital in others. They have taken upon themselves a tremendous job, but Seventh-day Adventists are not "quitters"—they are firm believers in their work.

"The most interesting part of this campaign is the method they have of raising this money. It is expected that every believer shall sell at least four dollars worth of their literature, the profits from such sales to be turned into the fund. Those who do not care to do this may give their biggest day's salary or a liberal donation."

SAVE THE FORESTS!

It is appalling to learn that since the arrival of the white man in Canada, forest fires have destroyed 60 percent of her primeval forest wealth. Four or five times as much timber has been burned in this country as has been cut for the uses of man and the requirements of commerce. Dissipation of our accessible timber supplies within a period of 25 years is forecast.

To bring home to the minds of Canadians before it is too late, the tragic loss that will result to this country if our forest areas are totally destroyed, Canadian Forest Week has been set aside. In the press, in the schools, in clubs and public gatherings, the importance of Canada's forest and Canada's forest industries will be drawn to public attention. If everybody in Canada realized that thousands of families and millions of dollars of capital are dependent upon the Canadian forests, everybody would think twice before throwing down lighted matches or cigarette stubs, or lighting fires in dangerous places and leaving them to spread on or below the surface of the ground. Carelessness has destroyed 60 percent. The axe has taken 13 percent. Only carefulness will save the 27 percent of our forest wealth that remains.

Hon. Charles Stewart, Minister of the Interior, has to do with Canada's forests, and it is encouraging to note his activity in arousing public opinion as to the situation and the imperative need for care in preventing forest fires.

BUILDING UP BUSINESS

These are speedy times, and people who are ambitious for success hate to think they have to wait many years before they can attain it. It took a long time to build up a well established business in the days before there was much advertising. People had to wait for trade to come, and many would get discouraged and quit.

Today a bright and ambitious firm that advertises well can get recognition within a comparatively short time. People will always respond to business notices that indicate that a firm is wide awake, and reaching out for enlarged trade.

A change in the launch service to Fulford from Sidney has taken place. Mr. Pollok's launch "Aristo" in addition to its own run has taken over the run of Mr. Lasseter's "Ilo," the schedule being for every day except Wednesday and Sunday.

SIDNEY

The preacher next Sunday morning at St. Andrew's at 11 o'clock will be the Rev. F. W. Cassill Kennedy, superintendent of Oriental missions in B.C. Mr. Kennedy was a missionary in Japan for 25 years.

Arrangements are being made by the Sidney Board of Trade to repeat the showing of moving pictures recently given by the Forestry Association in Matthews' Hall. These pictures give a very fine portrayal of the value and beauty of our forests and how vital it is to everyone that the huge loss caused by fire be prevented. Date of this event will be announced in the next issue of the Review.

Mr. B. C. Nicholas, managing editor of the Victoria Times, will be the speaker at the next regular meeting of the Sidney Board of Trade, Tuesday, May 8th, at 8 p.m., in Wesley Hall. Mr. Nicholas needs no introduction to Sidney, everyone knows how interesting and convincing he is, and in order to give everyone an opportunity of hearing him the board will be very glad to have all members bring their friends along to this meeting. We hope to be able to give in next issue the topic on which Mr. Nicholas will speak.

The monthly meeting of the Allies' Chapter, I.O.D.E., will be held at Mrs. Rochford's on Thursday, May 3rd, at 2.30.

A tea will be given at the home of Mrs. Belsom on Tuesday, May 1st, in aid of the Cathedral W.A. Fund. Those interested hope to have cars available so that anyone wishing to attend can make arrangements by phoning 296.

The Evening Branch of the W.A. of Holy Trinity and St. Andrew's will hold their next meeting on Monday night, April 30th, at the home of Miss Edith Whiting.

DEATH

The death occurred at Mabe, Cornwall, England, of the late Mrs. E. A. Martin on April 1st, 1928, at the age of 76 years. Miss Martin is survived by one daughter, Mrs. J. B. Knowles of Sidney, and one son, W. H. Martin who resided with the widowed mother in Cornwall.

Poor Joshua!

He ought to have known better

Over 60 years ago an eastern newspaper published the following item:

"A man about 46 years of age, giving the name of Joshua Coppersmith, has been arrested in New York for attempting to extort funds from ignorant and superstitious people by exhibiting a device which he says will convey the human voice any distance over metallic wires so that it will be heard by the listener at the other end.

"Well-informed people know that it is impossible to transmit the human voice over wires as may be done with dots and dashes and signals of the Morse code, and that, were it possible to do so, the thing would be of no practical value."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown
lands may be pre-empted by British
subjects over 18 years of age, and by
aliens on declaring intention to be-
come British subjects, conditional
upon residence, occupation, and im-
provement for agricultural purposes.
Full information concerning regula-
tions regarding pre-emption is
given in Bulletin No. 1, Land Series,
"How to Pre-empt Land," copies of
which can be obtained free of charge
by addressing the Department of
Lands, Victoria, B.C., or any Govern-
ment Agent.

Records will be granted covering
only land suitable for agricultural
purposes, and which is not timber-
land, i.e., carrying over 5,000 board
feet per acre east of the Coast Range
and 8,000 feet per acre west of that
Range.

Applications for pre-emption are
to be addressed to the Land Com-
missioner of the Land Recording Di-
vision in which the land applied for
is situated, and are made on printed
forms, copies of which can be obtained
from the Land Commissioner.

Pre-emption must be occupied for
five years and improvements made to
the value of \$10 per acre, including
clearing and cultivating at least five
acres, before a Crown Grant can be
received.

For more detailed information see
the Bulletin, "How to Pre-empt
Land."

PURCHASE

Applications are received for pur-
chase of vacant and unreserved
Crown lands, not being timber land,
for agricultural purposes; minimum
price of first-class (arable) land is \$5
per acre, and second-class (grazing)
land \$2.50 per acre. Further infor-
mation regarding purchase or lease
of Crown lands is given in Bulletin
No. 10, Land Series, "Purchase and
Lease of Crown Lands."

Mill, factory, or industrial sites on
timber land, not exceeding 40 acres,
may be purchased or leased, the con-
ditions including payment of stump-
age.

HOMESITE LEASES

Unsurveyed areas, not exceeding
20 acres, may be leased as homesites,
conditional upon a dwelling being
erected in the first year, title being
obtainable after residence and im-
provement conditions are fulfilled and
the land has been surveyed.

LEASES

For grazing and industrial purpose
areas not exceeding 640 acres may be
leased by any one person or company.

GRAZING

Under the Grazing Act the Prov-
ince is divided into grazing districts,
and the range administered under the
Grazing Commissioner. Annual graz-
ing permits are issued, based on num-
bers ranged, priority being given to
established owners. Stockowners
may form associations for range
management. Free or partially free
permits are available for settlers,
campers and travellers up to ten
head.

Reduce the Fire Fiend's Yearly Harvest

NOT fire—but the CARELESS-
NESS which fails to quench
it when its useful purpose has
been served, is the ENEMY to
mankind. He who by neglect causes
fire in the forest
may well expect the
same treatment as
would be accorded
to one who tosses a

STAMP OUT CARELESSNESS

Why Gum-Dipped Tires Cost Less "Per Mile"

The demand from car owners for Fire-
stone Gum-Dipped Tires has given
Firestone Dealers a large increase in
volume that enables them to sell these
tires to you at the lowest prices in the
history of the industry.

The Firestone Balloon Tread, sci-
entifically designed three years ago, and
unchanged today has the wear-resisting
qualities that give thousands of extra
miles.

This tread must be placed on a carcass
that has the qualifications to withstand
terrible flexing. The Firestone carcass
is made of cords dipped in a rubber
solution which not only saturates and
insulates every fibre of every cord, but
unifies sidewalls with carcass, eliminat-
ing any possibility of separation under
the extreme flexing of low-
pressure tires.

The Firestone Dealer in your locality
will gladly explain the Gum-Dipping
process, the scientifically designed tire
tread, and other advantages that only
Gum-Dipped Tires can give. See him
today.

**BARY BENEFIT
CONCERT WAS
BIG SUCCESS**

(Continued from Page One.)

Several pupils from Miss Violet Fowkes' School of Dancing were present and gave displays of ballet and character dances. The Misses McDonald and Grout gave the Russian dance in appropriate costume and Miss Grout the scarf dance, while a pretty display of toe-dancing was well received as given by Miss McDonald. Messrs. Ditchburn and Bostock in their step dancing performance was an added attraction on the program.

Under the supervision of Mrs. Wilfred Ord of the Victoria School of Expression Miss Ruth Hayman, Miss Celia Lewis and Miss Stott gave a series of items, musical and dramatic.

Miss Hayman's selection from Bernard Shaw, "St. Joan," and streetcar monologue were very amusing and Miss Lewis chose the "Edin Artist" and "The Culprit," while Miss Stott sang two very sweet solos, "Songs My Mother Taught Me" and "Love's Merchant."

Accompanists for the evening were Mrs. Fred Wright, Miss Morden and Miss Florence Hambley, and Mr. G. A. Cochran acted as chairman.

Refreshments were served to the artists after the performance in Wesley Hall by members of the Parent-Teacher Association.

The complete proceeds from the evening's entertainment will go to the benefit of Mr. and Mrs. Bary, who are returning to their native home in Belgium. Mr. Bary received permanent injuries about a year ago receiving his only for further work, and he has found it difficult to make a living in a strange land, so they are returning home with the assistance of the Sidney Board of Trade.
